

## How To Check Your Transfer Credit Report

**\*\*If you *HAVE NOT* already created a User Name, URI ID, and Password, see "Creating a User Name, URI ID, and Password" on the page below.**

1. From the URI homepage, select "Log on to **e-Campus.**" From here, select the "Students" link on the left.
2. Enter the User ID and Password you created to log on to **e-Campus.**
3. Select "SA Self-Service" - "Learner Services" - "Academics" - "View Transfer Credit Report." Your on-line Transfer Credit Report will appear:

## **CREATING A USER NAME, URI ID, and PASSWORD**

- 1.** From the URI homepage ([www.uri.edu](http://www.uri.edu)), click on "Log on to **e-Campus**." This will bring you to a screen from which you will select the first menu option on the left – "New Users Register Here!"
- 2.** Fill in your name (first and last in appropriate boxes) and your URI ID. If you do not know your URI ID, click the button for social security number and enter your SSN instead. Then click "Continue..."
- 3.** The next screen asks you to pick a User ID and Password. These are the items you will need to log on to the **e-Campus** system. Select a User ID and Password that you will remember. As you create them, **write them down!** Both must be 5-15 characters long and both must be lower case letters a-z and/or the digits 0-9. NOTE: You will be required to enter your "preferred email address". This is the address **e-Campus** will use to mail you your question should you forget your password.
- 4.** The system will return a page confirming your new User ID registered in **e-Campus** as well as your nine-digit URI ID number. Print this screen for your records. Save this sheet in a secure place. Your user ID and Password are all you need to log on to **e-Campus** from now on.
- 5.** Once you have created an **e-Campus** ID and Password, you're ready to check your Transfer Credit Report! Please proceed to the other side of this page.
