

SLA RI Chapter Spring Banquet 6:00 PM Tuesday May 12, 2009

Managing Tropical Cyclone Information

Features a brief PowerPoint presentation about the need for residents of southern New England to be aware of tropical cyclones. Also a discussion of the overall flow of information through the National Weather Service, as well as some limitations in its use. This will be followed by a live demonstration of various websites where tropical cyclone information can be obtained.

Speaker: Matthew Belk, Hurricane Program Leader for the NWS in Taunton MA
