

**\*\*IMPORTANT\*\* NEW TRAINING LOCATION**  
**Health Environmental and Pesticide Safety**  
**Education Training**

Private Certification: if you produce an agricultural commodity such as vegetable, fruit, turf or nursery and apply “restricted use” pesticides to control pests.

Commercial License: if you work for hire applying “general use” pesticides to control pests.

Commercial Certification: if you work for hire and apply “restricted use” pesticides to control pests.

Pesticide Dealer: if you sell “restricted use” pesticides.

**Training Requirements:** All applicators listed above are required to attend the core training which consists of 2 days with an exam in the afternoon of the second day. Individuals that would like to become commercially certified are required to attend category training in their specialty area.

**Preregistration is required by mail. Use the registration form. Call Margaret Siligato if you need a confirmation.**

**Training Schedule 2000**
