Certified Professional in Stormwater Quality

Certified Professional in Erosion & Sediment Control

Certified Erosion, Sediment & Stormwater Inspector

Sponsored by:
 Southern New England Chapter of the Soil & Water Conservation Society
 and the
 Northeast Chapter of the International Erosion Control Association

Supported by:
 RI Resource Conservation & Development Area Council, Inc.

CPESC® Program

A CPESC must demonstrate through education, experience and examination, knowledge of effective and economical methods of minimizing soil erosion and sediment transport due to land-disturbing activities.

The CPESC program is designed for individuals actively involved in the following E&SC activities:

- Development and review of permits
- Design and review of E&SC and drainage plans
- Installation and inspection of E&SC practices
- Related activities (such as, assisting regulators, authoring handbooks, and educating the public)

CPSWQ™ Program

A CPSWQ must demonstrate through education, experience and examination, knowledge of effective and economical methods of addressing storm water quality.

The CPSWQ program is designed for individuals actively involved in the following storm water management activities:

- Development and review of NPDES permit applications
- Design and review of Storm Water Pollution Prevention Plans (SWPPPs)
- Installation and inspection of storm water management practices
- Related activities (such as, assisting regulators, authoring handbooks, and educating the public)

CESSWI™ Program

The Certified Erosion, Sediment and Storm Water Inspector Program will be available to all qualified technicians and inspectors who wish to

demonstrate their proficiencies in construction and post construction inspection skills and abilities.

Registrants will understand the minimum requirements for United States Environmental Protection Agency's (EPA's) National Pollutant Discharge Elimination System (NPDES) storm water permitting program and/or Canada's Department of Fisheries and Ocean's Requirements.

 Fax: (828) 655-1622

CPESC, Inc. Mission

The public demands evidence of professional competence from persons whose activities affect the physical and economical well being of people throughout the world. Such professionals increasingly must be able to show evidence of their qualifications. CPESC, Inc. certifies individuals based on thorough examination and review of an individual's educational, scientific and service activities in both the public and private sector. CPESC, Inc. has developed standards and procedures for certifying persons qualified to practice in the fields of erosion and sediment control or storm water quality.

Individuals who demonstrate an established minimal level of competence through the application review process and an examination process will be certified in erosion and sediment control or storm water quality fields by CPESC, Inc. These certification programs are based upon scholarly preparation, knowledge and experience. Certified professionals listed on the registry will (a) meet the educational and practical experience standards, (b) subscribe to the code of ethics, (c) qualify for particular identification of special abilities, and (d) pass a qualifying examination.

Registration Information

- The Exams are open to everyone.
- The registration fee(s) for the actual exam are separate from the CPESC application fee. (www.cpesc.org for more information)
- A CPESC Exam Review Course Manual is available for use. The manuals are \$75.00 and can be purchased through RI RC&D prior to the course for a \$8.00 handling charge.
- The CPESC application process must be completed to be eligible to take the exam. **A CPESC eligibility letter is required to take the exam.**
- Visit www.cpesc.org for more information on the application process. **Please keep in mind that it takes at least 2 weeks for complete applications to be reviewed and accepted.** It is strongly encouraged that anyone seeking to sit for the actual exam begin the application process ASAP.
- Lunch and breaks are not provided.
- Space is limited to 15 participants, so please register at your earliest convenience.
- A registration confirmation will be sent to each participant.
- For additional information, contact J. Eric Scherer, (CPESC No. 352, CPSWQ No. 6) CT/RI State Representative @ 401-822-8814 or eric.scherer@ri.usda.gov

CPESC & CPSWQ REVIEW COURSES ARE NOW ON-LINE

The International Erosion Control Association (IECA) has teamed-up with CPESC, Inc. to provide an online version of the Certified Professional in Erosion and Sediment Control (CPESC) and Certified Professional in Storm Water Quality (CPSWQ) exam review courses through IECA's online training website, <http://ieca.webex.com>. On demand sessions are available for viewing.
