

Record for bags used in pet waste stations

When you refill the Pet Waste Station with bags please record the following information:

| 1. Date of refill | 2. Number of bags placed in station | 3. Number of bags left in station | 4. Number of bags used | 5. Number of days since last refill | 6. Estimated amount of pet waste removed in lbs | 7. Estimated amount of nitrogen removed in lbs |
|--------------------|-------------------------------------|-----------------------------------|---|--|---|--|
| Calculations: | | | (# bags placed in station last time - # bags left in station) | (subtract today's date from the date of previous refill) | (number of bags used x 0.26) | (number of bags used x 0.0031) |
| First refill date: | | 0 | 0 | | | |
