

High Risk Land Use Table

Agriculture - VOCs, SOCs, Microbes, Nutrients, Pesticides

1. Feed & Supply Stores
2. Greenhouses
3. Dairy Farms, Equestrian Centers, Poultry Farms, Other Livestock Farms
4. Backyard Livestock (Horses, Fowl, etc. in Residential Areas)

Automotive - VOCs, SOCs, Solvents, USTs

5. Gas & Service Stations
6. Fuel Storage
7. Auto Repair
8. Auto Parts & Machine Shops
9. Body Shops
10. Car Washes
11. Rust Proofers
12. Junkyards & Salvage Yards

Medical Facilities - VOCs, SOCs, Microbes, Nutrients

13. Walk-in & Emergency Clinics, Hospitals
14. Dental Offices
15. Veterinary Clinics

Other Commercial - VOCs, SOCs, Solvents, Nutrients, Pesticides

16. Beauty Salons
17. Dry Cleaners/Laundromats
18. Paint Shops
19. Printing Shops
20. Photographic Processors
21. Golf Courses

Industrial/Manufacturing - VOCs, SOCs, Solvents

22. Asphalt, Coal, Tar & Concrete Companies
23. Chemical Manufacturers & Textile Manufacturers
24. Laboratories
25. Other Industrial Manufacturers
26. Road Salt Storage (Sodium, Calcium, Chloride)
27. Sand & Gravel Mining Operations

Definitions:

VOCs - Volatile Organic Compounds (from fuel, industrial or chemical factories)

SOCs - Synthetic Organic Compounds (from pesticides and herbicides)

USTs - Underground Storage Tanks (store fuel or heating oil)
