

REMINDER NOTICE

Dear Property Owner,

As you may be aware, the Town's Onsite Wastewater Management Ordinance requires initial inspections of every homeowner's septic system. A review of our records has indicated that we have not yet received an inspection report for your property. This could be due to the following reasons:

1. You may not have received a previous notice.
2. The inspector never forwarded the report to the town.
3. You recently had a new septic system installed
4. You were not aware of the Town's requirements and failed to have an inspection performed.

We ask that you contact the Town and inform us your intent to comply. If you have not yet had your system inspected we ask that you schedule an inspection by _____, 20_____. Enclosed you will find a list of town-approved inspectors. If you have any questions please contact me at (401) ____ - _____.

If the Town does not receive notification of an inspection by _____, additional action will be initiated. Your anticipated cooperation regarding this septic system inspection is appreciated.

Sincerely,

Onsite Wastewater Specialist
