

## ROUTINE MAINTENANCE NOTICE

Dear Property Owner:

As you are aware the Town adopted the Onsite Wastewater Management Ordinance which requires that septic systems be inspected every 3 years. Our records indicate that it is now time for you to have a routine maintenance inspection performed on your septic system. We ask that you have this inspection performed by \_\_\_\_\_, 20\_\_\_\_, as required by the ordinance.

The purpose of this inspection is to assess the current conditions of your septic system and to determine if any maintenance is required. Should your system require an upgrade or replacement, the Town is offering low interest loans through the Community Septic System Loan Program.

Enclosed with this letter are a list of Town Approved septic system inspectors, and a fact sheet explaining the inspection process. Please feel free to call me at (401) \_\_\_\_ - \_\_\_\_\_ if you have any questions about the program.

Your anticipated cooperation regarding this septic system inspection, by \_\_\_\_\_, 20\_\_\_\_, is appreciated.

Sincerely,

Onsite Wastewater Specialist
