October 24		
October 31	NALMS International Symposium – Hartford CT Please Come!	

Monitoring is scheduled for every other week, but you may monitor weekly if you choose to! **Monitor between 6 AM and 9 AM**, except on the water collection days. On those days times are listed for when Narrow River monitors collect water samples. Other rivers and streams should collect samples by 10 AM. ***It is better to collect the water samples earlier rather than later.*** After collection immediately bring the water samples on ice in a cooler to Room 002 Coastal Institute in Kingston, URI. The URI Watershed Watch lab phone number is 874-2905, email URIWW@ETAL.URI.EDU. ***CALL at least 1 day IN ADVANCE TO RESCHEDULE DELIVERY OF WATER SAMPLES.*** An earlier date is much preferable to one after the designated collection period. ***Have a great season and monitor safely!***
