"The Compelling Case for Natural Gas Vehicles (NGV)"

Public and Private Fleet Workshop

Monday, June 4th, 2012 Radisson Hotel – T. Green (Providence) Airport, Warwick, RI

Curriculum Presenter/Moderator:

Stephe Yborra, Director of Market Analysis, Education & Communications
Clean Vehicle Education Foundation

Yborra, an expert in NGV markets and technologies, will be joined by NGV equipment and services representatives and current NGV fleet operators to cover the following topics:

- Why We're Here: Economic, environmental and national energy security market drivers are prompting the move to compressed natural gas (CNG)- and liquefied natural gas (LNG)-powered vehicles.
- NGVs 101: Overview of natural gas and NGV basics.
- Best Bets: Which fleet/vehicle applications are the best candidates for successful NGV programs and why.
- Wheels: Available light-, medium- and heavy-duty NGVs and the sales-service channels that support them.
- **Fill'er Up**: Fuel station design, development, ownership and operations options for fleets of all sizes.
- **OPM:** Identifying and securing available federal and state tax incentives and grants ("other people's money"), which further improve NGV economics.
- Been There Done That: NGV fleet operators share experiences and tips.
- **Dollars and "Sense":** A review of NGV program economics including how to calculate fuel costs, simple payback and life-cycle savings.
- **Next Steps**: Tips on how you can implement a successful NGV program.
- Site Visit to nearby CNG station:

Registration Fee: \$55 (until 6/1/12) \$65 (after 6/1/12). Fee covers course materials, continental breakfast, lunch, and refreshment break.

Lodging: Attendees arriving Sunday evening (6/3) are encouraged to book their lodging at the Radisson Hotel Providence Airport at the special "NGV Workshop" rate of \$84 (single/double). Call (401) 739-3000.
