

*When you can't be there to celebrate...*

# Send a Surprise Cake!

Our University Bake Shop is equipped to bake and decorate a cake for any occasion...

**Birthdays, Congratulations, Pick-Me-Ups**

...and we deliver it to your son or daughter on campus!

THE  
UNIVERSITY  
OF RHODE ISLAND  
CATERING

We would like to add to the celebration of your son or daughter's birthday. Our University Bake Shop is equipped to bake and decorate a cake for the occasion. You may order your choice of chocolate or yellow cake, decorated for a Happy Birthday. Our cakes are a quarter-sheet in size and serve 15 - 20. They are as attractive as they are delicious.

A cake, complete with one dozen paper plates, forks and napkins can be delivered on campus, Monday through Friday afternoons to your son's or

daughter's room. Add balloons and soda to make the celebration even more special. A picture of the birthday recipient with the cake will be sent to the parent. (Please forward order form two weeks in advance.)

We also have Cookie Cakes available in Chocolate Chip or Sugar. Made from our same Otis Spunkmeyer cookie recipe, these cakes are made fresh in our bakery, decorated by hand, and personalized with your choice of greetings.

To place an order, please call: (401) 874-2229
