Introduction

This document summarizes the structure for student and graduate assistant appointments and salary plans. The rates are subject to changes as a result of union contract negotiations, or State and Federal regulations.

Compensation rates for students and graduate assistants that are not identified on the salary plans will be edited by the system and reported to you as an error unless prior approval has been received to use those rates.

Processing for student and graduate assistant payroll appointments must follow the established University Policy for the Student and Graduate Payroll.
