

Faculty Senate Curricular Affairs Committee Four Hundred Ninetieth Report

Informational Matters

During the summer and at its first meeting of the academic year, the committee approved two temporary courses, minor course changes in Music, Human Development and Family Studies, and Education.

Curricular Matters Which Require Confirmation by the Faculty Senate

The committee approved additional changes in Music courses, changes in curriculums in Medical Laboratory Science, Animal Science and Technology and the Early Childhood Certificate.

400 Level Courses, Which Might Require Approval By The Graduate Council

Informational

The Committee approved changes in HDF 455 to reflect the Early Childhood Certification changes.

Curricular Matters Which Require Confirmation by the Faculty Senate

The committee approved a new HDF course and changes in an EDC course for the certificate, a change in credits for PSC 408 (or AAF), and a change in level for BIO 305. Also included were corrections to errors and omissions from 2010-11 Curricular Reports, including a new HLT course and a new OCE course.
