Subject: New Course Approval Forms
Date: Fri, 7 Mar 2008 11:45:35 -0500

Attached are 4 new course proposals from the College of Business Administration. None of these courses require additional resources. They all replace other courses (or sections of other courses) in our curriculum.

Our introductory Business Law class (BUS 315) is being revised to make this course more relevant to the various majors within the College of Business Administration. BUS 318A and BUS 318B are courses that will replace BUS 315 for Accounting, Finance and International Business majors. Next academic year we will replace BUS 315 for the rest of our majors. In anticipation of creating BUS 361 and BUS 464 we deleted MSI 350, MSI 455, MSI 470 and MSI 480 from the catalogue when we changed all of our courses to the BUS code.

I am sending one original of each of these proposals to Sheila. Please let me know if anything else is necessary.

Deborah E. Rosen, Ph.D.
