While we do understand that some people may need to work during the student teaching semester, it is highly recommended that you do not work during student teaching. We consider student teaching a full-time responsibility and low marks in student teaching may negatively impact job offers. Should you need to work, please be aware that you will still be held accountable for meeting all school, university, and seminar requirements regardless of work responsibilities. The same applies for coaching or other extracurricular activities in which you may be involved. Excessive absences or missed classes may result in failure of student teaching, or an extension of experiences and subsequent delay of graduation.
