

German IEP – COMPUTER ENGINEERING

For students entering Fall 2006 (IEP Class 2011)

The academic plan below is a sample to demonstrate one way the dual degree program may be completed in 10 semesters. It is not meant to be a replacement for academic advising. Be sure to touch base with both your language and engineering advisor regularly.

FALL SEMESTER		SPRING SEMESTER		
Year One	CHM 101 Gen. Chem.	3	ELE 208 Intro. to Comp. Systems	3
	CHM 102 Lab. For Chem.	1	MTH 142 Calculus II	4
	MTH 141 Calculus I	4	GER 102 German for Engineers	3
	PHY 203/273 Elem. Phys I & Lab.	4	PHY 204/274 Elem. Phys. II & Lab.	4
	GER 101 German for Engineers	3	EGR 106 Foundations of Engr. II	2
	EGR 105 Foundations of Engr. I	1	16	16
16				
Year Two	CSC 211 Intro Programming & Design	4	ELE 212 Linear Circuit Theory	3
	MTH 362 Adv. Engr. Math I	3	ELE 215 Linear Circuit Lab.	2
	ELE 201 Digital Circuit Design	3	MTH 243 Calculus III	3
	ELE 202 Digital Circuit Design Lab.	1	CSC 212 Data Structures & Abstractions	4
	GER 103 Intermediate German I	3	GER 104 Intermediate German II	3
	Gen Ed. Requirement	3	Gen Ed. Requirement	3
17		18		
Year Three	ELE 305 Intro. to Comp. Arch.	3	ELE 306 Electronic Design Automation	4
	ELE 313 Linear Systems	3	MTH 451 Intro. to Prob. & Stats.	3
	ELE 342 Electronics I	4	ECN 201 Microeconomics (S)	3
	Gen Ed. Requirement	3	Gen Ed. Requirement	3
	GER 205 Conv. & Comp. I	3	GER 206 Conv. & Comp. II	3
	16		16	
Suggested Semester Abroad		International Internship Semester		
Year Four	MTH/CSC 447 Discrete Math Strs.	3	Internship In German-Speaking Country GER 315-316	3-6
	Computer Engineering Elective	3-4		
	Gen Ed. Requirement (L)	3		
	EGR/GER 411 (Cmp. Eng. Elective)	3		
	GER 3xx	4-7		
16-19				
Year Five	ELE 437 Computer Communications	3	ELE 481 Capstone Design Project II	2
	ELE 405 Digital Comp. Design	4	ELE 408 Comp. Organization Lab.	4
	ELE 480 Capstone Design Project I	2	CSC 412 Operating Systems	4
	Gen Ed. Requirement	3	GER 4xx German Lit. (A)	3
	GER 4xx	3	ELE 400 Intro. To Prof. Practice	1
	Computer Engineering Elective	3-4	14	14
18-19				

GEN ED TALLY (See special notes about General Education Requirements on the reverse and consult with the university catalog and your major advisors.)

- EC: _____
- ECw: _____
- L (reserve one for TUBS): _____
- L: _____

- S: _____
- S (use ECN 201): _____
- A (400-level German Lit.): _____
- A (fine art): _____

BASIC LIBERAL STUDIES (GEN ED) REQUIREMENTS (See course catalog for more detail.)

English Communications (EC): 6 credits, one of which must be a writing course (Ecw.)

Social Science (S): 6 credits, one of which is fulfilled by ECN 201, which is already required for CMP majors. Consider opting for a second course with a global focus, or a focus on Germany or Europe.

Letters (L): 6 credits. Consider taking a German History class (HIS 327 at URI or in Braunschweig) to fulfill one of your two general education Letters requirements. Consider taking “Landeskunde” (LET 151) in Braunschweig to fulfill the other requirement.

Fine Arts and Literature (A):

1. **3 credits of literature:** As an IEP student a 400-level German literature course fulfills the literature portion of the Fine Arts & Literature requirement. (NOTE: This is a special exemption. If you later drop the program but keep your language major you might need to take an additional literature course.)
2. **3 credits of fine arts:** You must choose from music, theater, arts selections as indicated in catalog, or seek prior-approval for a comparable course abroad.

Note: There are additional General Education Requirements in *Mathematical and Quantitative Reasoning*, *Natural Sciences*, and *Foreign Language/Cross-Cultural Competence*, which will be fulfilled automatically through your progress toward an engineering degree with a language minor.

REQUIREMENTS FOR COMPUTER ENGINEERING MAJOR (See course catalog and department website for more detail.)

EGR 105, 106; CHM 101, 102; MTH 141, 142, 243, 362, 451; PHY 203, 204, 273, 274; ECN 201; CSC 211, 212, 412; MTH/CSC 447; ELE 201, 202, 212, 215, 305, 306, 313, 342, 400, 405, 408, 437, 480, 481; three computer engineering electives (one of which may be fulfilled by GER/EGR 411 at TUBS with prior approval)

REQUIREMENTS FOR IEP GERMAN MAJOR (See course catalog for more detail.)

At least 30 credits in German, not including GER 101, 102, or 392. You must complete six credits in literature, at least three of which must be taken at the 400-level; and EGR/GER 411.

SPECIAL NOTES FOR STUDENTS IN THE INTERNATIONAL ENGINEERING PROGRAM

- As a dual degree IEP student, **you are a student of both the College and Arts & Sciences and the College of Engineering**. Be sure to file for graduation (and any other paperwork such as a leave of absence, etc.) with the dean’s office of each college.
- You have two academic advisors – one for your language major and one for your engineering major. The German advisor for all IEP students is Walter von Reinhart (waltaire@uri.edu.) You can check with your engineering department to find out who has been assigned as your engineering advisor.
- **Your general education requirements are determined by the College of Arts & Sciences Basic Liberal Studies Program for the Bachelor of Arts (not B.S.).** Consult the course catalog for details and verify any general education questions with your language advisor.
- As an IEP student, **you are exempt from the one-course-per-discipline rule** for the Letters, Natural Sciences, and Social Sciences Basic Liberal Studies Requirements of the College of Arts & Sciences. This is important to know in the event that you drop the program but still want to pursue your German major as a non-IEP student.
- You are required to complete a six-month professional internship abroad to be considered an IEP student.
- **It is highly recommended that you precede your semester internship with a semester of study abroad through an IEP exchange.** General education requirements, language major courses, free electives and engineering professional electives tend to be the easiest courses to find equivalents for overseas, so you might want to “hold” them for a semester abroad. Consult with your advisors and plan your semesters accordingly.
- **It is YOUR responsibility to stay in contact with your engineering major advisor AND your language major advisor to make sure that you are fulfilling all requirements for both majors and your general education requirements!**
