

Enrollment Over Past 3 Years

	'99-'00	'00-'01	'01-'02
Overall	149	158	164
German	110	109	101
French	23	25	32
Spanish	18	28	36

Overall figures counts the total number of persons in the IEP, which does not match the sum of the enrollments by language, due to the fact that several students are counted in two language tracks.

1999-2000	2 trilingual track (German-French)
2000-2001	4 trilingual track (German-French)
2001-2002	5 trilingual track (2 German-French; 2 German-Spanish; 1 French-Spanish)

Also notable, while the percentage of COE undergrads opting to participate in IEP has held steadily at 18% over the past three years, the Centennial Scholar presence in the IEP has increased from 31.6% to 43.8% to 54%. More than half of all IEP students are now Centennial Scholars!
