

Diabetes Management Longitudinal Rotation PHC 594 Community track  
Oxnard's Pharmacy Warwick, RI  
Preceptors: Dave Feeny, RPh and Brett Feret, PharmD, BCPS

Setting: Independent Community Pharmacy/Senior Center

Population: Ambulatory patients (mainly geriatric)

Activities~ Student would be involved in a weekly support group meeting of diabetic patients at a senior community center adjacent to Oxnard's pharmacy. Involvement would include presenting short topics of interest to group members, leading discussions on quality of life issues, and coordinating activities with a visiting nurse on site. Student would interact with a Certified Diabetes Outpatient Educator at Oxnard's Pharmacy to participate in one-on-one diabetes counseling and provision of group class, Student will have access to an office and computer on-site.
