

Academic Writing  
Longitudinal  
PHP 593

Preceptor: Norma Owens

Site: TBA

The goal of the academic writing rotation is to submit a scholarly article for publication in a peer reviewed journal. Students selecting this elective need to have a strong desire to explore a therapeutic topic in detail. They will gain experience in literature search , retrieval, analysis, critique, and scientific writing. Students are expected to improve in their independent learning behavior while participating in this rotation. Students should have access to a personal computer with up-to-date word processing, virus, and Modem software.
