Syllabus: This Clerkship rotation is designed to acquaint the student with an overview of chain drug store operations, to include the following key departments:

- ✓ Pharmacy & Store Operations
- ✓ Pharmacy Systems
- ✓ Pharmacy Purchasing
- ✓ Pharmacy Administration
- ✓ Managed Care & Third Party Accounting
- ✓ Patient Care Services
- ✓ Professional & Governmental Affairs
- ✓ Real Estate & Acquisitions
- ✓ Marketing, Advertising, & Merchandising
- ✓ Human Resources
- ✓ Loss Prevention & Risk Management
- ✓ Legal & Privacy Office

Structure: Each student will be required to work independently on a project, which will be presented during the course, as well as on going assignments. Each rotation through the departments will provide the student with an overview of the designated function and responsibilities of that area. The student will experience the corporate environment through on site meetings as well as the field perspective through off site events and store visits. This rotation will provide a future community pharmacist with insight that will enhance their communication and practice abilities.
